CERTIFICATION

Frontend Developer

TIIDELab initiatives

June 2023 - Dec 2023

PROFILE

A highly committed, consistent, and resilient individual with a drive to create exceptional user experiences through the use of HTML, CSS, Javascript, ReactJs, VueJs, and other technologies seeking a position to leverage strong technical and problem-solving skills and extensive web development knowledge to achieve organizational efficiency, reduce page load speeds, and optimize user interfaces

WORK EXPERIENCE

SFx

Lead Frontend Developer

Full-time | City of Newark, Delaware

February 2024 - Till date

- Lead frontend engineering at SFX, a fintech startup for cross-border money transfers, US dollar savings, and card spending for international students in Turkey.
- Developed responsive, user-friendly interfaces and integrated APIs for key platform features.
- Optimized performance, security, and accessibility, ensuring high-quality, efficient delivery.

Trendx

Frontend Engineer

Contract | Abuja, Nigeria.

February 2025 - March 2025

- Developed a decentralized autonomous organization (DAO) platform for businesses using React, enhancing transparency and governance.
- Implemented key frontend features, including smart contract interactions, user authentication, and data visualization for DAO operations.
- Collaborated with backend developers to integrate blockchain technologies and enhance the security of the platform.

Querifier LLC

Frontend Developer

Full-time | Abuja, Nigeria.

February 2024 - January 2025

- Collaborated with a team to build a document validation and evaluation system with AI functionalities using Vue.js and related libraries.
- Ensured responsiveness and optimized performance for a seamless user experience.
- Delivered the project on time, demonstrating strong project management skills and commitment to client requirements.
